EDUCATION

Ghani Khan Choudhury Institute of Engineering & Technology　　　　　　Malda, West Bengal
Bachelor of Technology in Mechanical Engineering　　　　　　　　　　　*Aug. 2024 – June 2028*

EXPERIENCE

Google Student Ambassador　　　　　　　　　　　　　　　　　　　Aug 2025 – Present
Ghani Khan Choudhury Institute of Engineering & Technology　　　　　　*Malda, West Bengal*
- Piloted a "Future of Tech" seminar series focused on Responsible AI, demystifying Large Language Models (LLMs) for **100+** non-technical students.
- Partnered with external industry experts and alumni to deliver guest lectures, bridging the gap between academic theory and real-world tech application.
- Established a sustainable feedback loop between the student body and Google program managers, reporting on adoption barriers and curriculum needs.

Founder & Student Representative of DEBUG (Coding Club @GKCIET)　　Sep 2025 – Present
Ghani Khan Choudhury Institute of Engineering & Technology　　　　　　*Malda, West Bengal*
- Defined the club's strategic vision, growing the community from 0 to **190+** active members within the first three months.
- Serve as the Student Representative, acting as the primary liaison between the administration and the student body to advocate for technical resources and academic improvements.

AI Code Evaluator & Trainer　　　　　　　　　　　　　　　　　　Mar 2025 – Apr 2025
Outlier.AI　　　　　　　　　　　　　　　　　　　　　　　　　　*Remote*
- Trained advanced LLMs to write cleaner, more efficient code by providing expert-level feedback and debugging.

PROJECTS

Chrono-Skip: YT Ad Accelerator | | *J.S (ES6+), Chrome Manifest V3, DOM API*　　Sep 2025 – Oct 2025
- Engineered an open-source ad accelerator currently serving **20+ active users** that neutralizes video ads via heuristic DOM manipulation, bypassing anti-adblock detection with zero latency.

HONORS & CERTIFICATIONS

Career Essentials in Project Management by Microsoft and LinkedIn | Certificate link
Top 1% Global Finalist - UI Design Hackathon (Outlier.ai)

LEADERSHIP ACHIEVEMENTS

YUKTI Innovation Challenge 2025
- Led and strategized a cross-functional team of Four to develop **HaazirHu**, a startup solution aimed at Rural development.

AICTE Productization Fellowship (APF) 2025
- Spearheaded product ideation and development of '**HaazirHu**' , with a focus on product-market fit.

Innovation, Design, and Entrepreneurship (IDE) Bootcamp 2025
- Led a six member team to design and demonstrate **Agriforia**, an agritech solution.

TECHNICAL SKILLS AND INTERESTS

Languages: Python, C/C++, JavaScript, HTML/CSS
Frameworks: React, Node.js, WordPress
